THE CHURCHILL™
A belt-positioning booster seat specially designed
for individuals with special health care needs.

FEATURES

*DENOTES STANDARD FEATURE

POSITIONING HARNESS*

For complete torso support, the vest is fully adjustable and easy to put on. The vest is supported by two vertical straps. Available in three sizes.

BUCKLE GUARD

Prevents the child from opening their car seat buckle.

CHEST CLIP GUARD

Prevents the child from pushing car seat chest clip down or opening it.

"EZ-UP" HEAD REST SYSTEM

Developed for occupants with poor head control, the EZ-Up™ system enables the occupant to maintain a natural head position. Use with the EZ-Up Cap™ to restrict forward motion.

"STAY-PUT" POMMEL

This pommel (abductor) stays firmly in place while in use. The pommel pivots away for easy transfer.

HIP INFLECTION WEDGE

Provides anti-thrust by raising the occupant's knees by 2.5 inches.
